Installation Instructions

Installation on the mounting surface

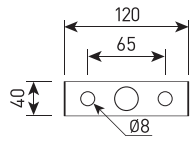

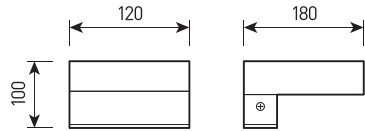

1. Secure the mounting pad to the surface with the M6 mounting bolts.
2. Connect the lamp's power cable to the power cable. Observe a tight connection.
3. Install the lamp on the mounting platform and secure it with screws.

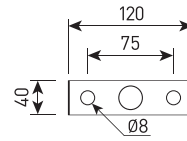

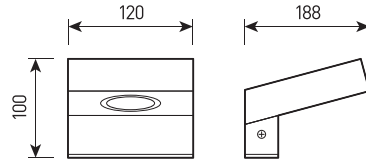

4. Notes

The fixture must get reliable connection with the mounting surface, any screws in the lamps should not be arbitrarily loosened. There is no special requirement on the installation direction.
